About us:

JS Parker Ltd (JSP) provides an essential service to both adults and children who have suffered brain and spinal injury. Qualified staff assess clients' needs and offer individually designed case management and rehabilitation programmes. We have five offices in the UK employing around 80 staff, managing over 400 support workers and provide services to just under 400 clients nationally.

JSP is not an agency. Recruitment of staff for small, personalised care teams is part of our case management service and is undertaken on behalf of individuals using this service.
